

Jim Carroll
Global Futurist
Business Trends, Leadership & Innovation Expert

“I align you to the future by providing highly customized trends & industry research, delivered in a compelling motivational style”
- Jim Carroll

Jim Carroll is recognized as the world’s leading futurist, trends and innovation expert, with a massive global blue chip client list. For more than 25 years, Jim has shared his insight with more than 2 million people in attendance at his events.

Jim’s global client list is extensive and covers virtually every industry sector, including the World Bank, Volvo, NASA, the PGA of America, the Walt Disney Organization, the World Government Summit in Dubai, the Swiss Innovation Forum, the Wall Street Journal, National Australia Bank, WorldSkills, Microsoft, Johnson & Johnson, DuPont, The GAP, the US Air Force Research Laboratory, Godiva, SAP, Pfizer, Mercedes Benz, and hundreds more.

This client list gives him a front row seat to the high velocity change that is occurring as disruption comes to take hold of every industry and every organization. With that insight, and the customized research that he undertakes for every engagement, he helps to transform growth-oriented organizations into high-velocity innovation heroes!

In 2020, Jim has been busy providing his insight from a state of the art virtual broadcast studio, which features high end video production, multiple camera angles, multimedia special effects, online interaction, audience polling, panel discussions and more. His investment in leading technology has allowed him to deliver his effective online leadership insight in an interactive broadcast style that redefines the state of the possible, with an opportunity for attention grabbing online content, and engaging interactivity.

Jim is recognized worldwide as a “thought leader” and authority on: our post-pandemic economy; economic recovery strategies; the future of the workplace; new business and governance opportunities in the era of International upheaval; rapid business model change and industry transformation; business model disruption and the acceleration of market change; global economic trends; and the necessity for fast paced innovation. He is an authority recognized for his deep insight into the cutting edge trends of our time including autonomous vehicle technology, 3D printing, virtual reality, alternative energy generation and storage technologies, the transition to electric battery vehicle technology, genomic medicine, CRISPR and healthcare virtualization, advanced robotics and artificial intelligence, blockchain and virtual cash, machine learning and robotics, crowd-thinking and next generation R&D.

Jim’s insight has been covered in the UK Telegraph, Dubai’s Capital Magazine, South Africa’s The Star, and AP News, among hundreds more. BusinessWeek named Jim Carroll as one of four leading sources for insight on innovation and creativity. He was also a featured expert on the prime time CNBC series, The Business of Innovation.

Jim Carroll is an author, with numerous books including *Think Big, Start Small, Scale Fast; Surviving the Information Age; The Future Belongs To Those Who Are Fast; Ready, Set, Done;* and *What I Learned From Frogs in Texas: Saving Your Skin with Forward Thinking Innovation.*
